

AVG Anti-Virus

Professional Single Edition

Anti-Virus Protection for Personal Computers

SoHo Edition

Anti-Virus Protection for Small Offices/Home Offices

With computer viruses, trojan horses, worms, and other forms of random, malicious programs becoming more prevalent, the risk to your computer(s) is amplified. Estimates of the damage caused each year by malicious programs run as high as \$55 billion. To protect themselves, tens of millions of users rely on Grisoft and its award-winning line of AVG Anti-Virus software products – and you can, too.

A SOLUTION THAT'S JUST RIGHT FOR YOUR NEEDS

AVG Professional Single Edition provides antivirus protection for a single computer on multiple levels. It stops viruses before they can be saved to your PC and it detects viruses on your hard drive or removable media before they can be activated. It is AVG's combined use of advanced detection methods that ensures the reliability of AVG Anti-Virus when protecting your computer from viruses. When a virus is found, it is moved to the Virus Vault, where it is isolated and cannot cause damage.

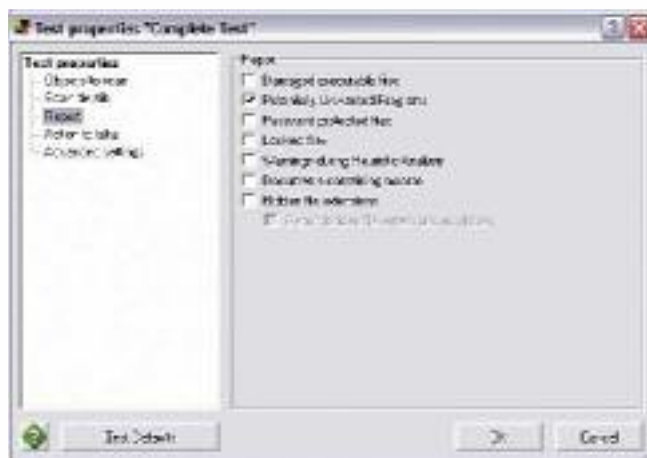

AVG Resident Shield does not allow you to start/open infected files and offers actions available to remove the virus

The AVG SoHo Edition is designed for small businesses and home offices. Licensed specifically for 2 and 5 computers, the AVG SoHo Edition delivers the same features and level of virus protection as the AVG Professional Single Edition. While AVG SoHo Edition does not include complete remote control (available with the AVG Network Edition), it is possible to centrally install and update with the AVG SoHo Edition if your computers are connected via a network.

AVG PROFESSIONAL SINGLE/SOHO FEATURES

- 2-year licensing
- 24/7 technical support via e-mail
- Easy to use
- Protection for all major operating systems and platforms (including 64-bit Windows)
- Detection of Potentially Unwanted Programs
- Basic and Advanced Interfaces for user flexibility in choosing either to use default settings or to define your own settings
- Automatic high-speed updates via professional downloading services – plus, the ability to update on demand, on schedule, or manually
- Small update files (typically, tens of kBs)
- Rarely a need to restart the computer after updates
- Automatic daily scanning of files – or manually according to a custom schedule you create
- Proxy server authentication support
- Low demand on system resources maximizes performance
- Support for screen reader programs for the visually impaired

Complete Test – configuration screen

AVG PROFESSIONAL SINGLE/SOHO COMPONENTS

- AVG Resident Shield (On-Access Scanner) — for continuous, transparent antivirus file checking as files are opened, executed, or copied/saved
- AVG E-mail Scanner – to guard against viruses from incoming e-mail, and certify outgoing e-mail as virus-free
- AVG Virus Vault – to isolate and secure infected or suspected files
- AVG Control Center – to access information about the status of the AVG components and modify settings as needed
- AVG Scheduler – to schedule tests and updates, manually start tests, or check specific files quickly and easily
- AVG Update Manager – to schedule updates according to your needs

AVG Control Center – easy access to the main AVG components

SUPPORTED PLATFORMS

- Windows 95
- Windows 98
- Windows Me
- Windows NT
- Windows 2000
- Windows XP
- Windows XP 64-bit
- Linux i386

LICENSING YOUR WORKSTATIONS

The AVG Professional Single Edition is a single workstation license. The AVG SoHo Edition is licensed according to the total number of workstations. Packages of 2 and 5 licenses are available. To protect more than 5 workstations we recommend the AVG Network Edition. The standard license period for both is 2 years (vs. 1-year license of other antivirus companies), giving you more time to work and less need to worry.

TECHNICAL SUPPORT

With AVG Professional/SoHo Edition, technical support is available 24 hours a day, 7 days a week, via e-mail. The Grisoft support staff provide expert consultation with rapid response times. AVG Authorized Resellers are also available to assist you with sales and technical questions. Registration of your AVG Anti-Virus Sales or License Number is necessary for user identification in order to receive technical support.
